

World Schools Motions for December 2022 – February 2023

In art and popular culture, This House believes that creating new lead characters for minorities (e.g. Black Panther, Shang-Chi, and Gamora in the Marvel Cinematic Universe) is preferable to recasting them in existing roles already played by other actors/communities (e.g. Ghostbusters, The Little Mermaid).

This House believes that rehabilitation should be prioritized over retribution in criminal sentencing.

This House would ban lethal autonomous weapons.

This House regrets the rise of slum tourism.

This House, as the United States, would publicly recognize Taiwan as a sovereign nation.

This House would remove veto power from permanent members on the UN Security Council.

This House regrets the rise in popularity of the True Crime genre (e.g. Netflix's *Monster: The Jeffery Dahmer Story*, the *My Favorite Murder* podcast).

This House supports mandatory voting in national elections.

This House supports privatized asteroid mining.

This House would ban somatic and germline human genome editing research conducted by private entities.
