

WSD TFA State 2023 Motions

Round 1/2 (students debate both sides): This House regrets the development of AI conversational chatbots (including, but not limited to GP Chat) for education.

Round 4: Info Slide: Screen quotas are a legislated policy that enforces a minimum number of screening days of domestic films in the theater each year to protect the nation's films. The screen quota system is enforced to prevent foreign markets from making inroads into the domestic film market. This House opposes screen quotas designed to protect the domestic film industry.

Quarters: This House would ban the use of facial recognition technology by law enforcement officials.

Finals: This House, as the United States, should prioritize reducing taxes over increasing spending to stimulate economic growth.
